HATSS Students Making It Happen

INTRODUCTION

This presentation includes learning objectives, background information, discussion questions, an activity, and sources of additional information.

OBJECTIVES

Students will:

- Consider future Career and alternatives to Undergo a soft skills training and immediately be placed after college education
- Minimum investment strategy for Students .
HATSS offers for Genius Students free summer camp coaching.

HATSS is a School for Everyone

- No matter what your goal, there is a college or post secondary program out there that will be a perfect fit for you, HATSS team guides you every step. Whether public or private, small or large, academic or specialized, the most important choice is choosing to attend.
- EVERY student, regardless of background or money, can find ways to pay for an education after high school.
- You deserve success. Work hard and you can make it happen!

Soft Skills Education = Greater Opportunities

- **Greater Potential**—College students discover new areas of knowledge, gain skills, consider lifelong goals, and become responsible citizens.
- **Greater Knowledge**—A college education increases a student's ability to think critically and to express thoughts clearly in speech and writing.
- **More Job Opportunities**—More jobs today require education beyond high school.
- **Community Role Model**- others who want to go to college will look up to you and know that they can go to college, too.

OPPORTUNITY

Long-Term Goal Advantages

When you consider HATSS to be your soft skills for college to be a long-term goal, you gain the following advantages:

- KNOWLEDGE , SKILLS & ATTITUDE are likely to grow significantly over time
- Students grow compounding of earnings over time once they are supported for placement
- families and parents can meet other family goals while getting their return on investment from their children. Students can compete with other college students with less time investment and lapse of time.

Successful College Students Do the Following While in School...

- Take **challenging classes** and be sure to take Algebra I and a Foreign Language; aim for As and Bs in all your classes.
- Know the difference between **high school graduation requirements and college entrance requirements**- they're not the same!
- Demonstrate **personal accountability**- meet deadlines and use time management skills to balance a busy schedule.
- **Visit college campuses**, attend college fairs, do research on the internet, make a connection
- **Meet with your counselor** to plan for high school and get assistance from a teacher, counselor, tutor, mentor when needed.
- Be aware of college admissions tests and entrance requirements.
- Always be 100% College-Bound & Soft Skills!

Parent/Guardian Responsibilities

- Be your child's best advocate. (Attend programs, teacher conferences, meetings)
- College Talk: Discuss college not as “if” you go, but “WHEN you go to college.”
- Monitor your child's academic progress based on child's ability—set a standard of excellence.
- Learn the “lingo.” Keep up with the changes in higher education.
- Find out what resources are available at your school
- Take advantage of all HATSS workshops and activities that are associated with the EXIT EXAM.
- Create a college-going culture with others.
